Subject: RE: FOIA Request for Records of Citizen Complaints Closed in January and February 2024

Good afternoon,

Per the City of Detroit's, Board of Police Commission and OCI's policies. All FOIA requests must be sent to the City of Detroit Law Department who will then contact all concerned parties to gather the requested information and return said information to the City of Detroit Law Department for redaction.

You have included the City of Detroit's Law Department and therefore; I expect a request from them soon. After said request is made, OCI will begin to gather the requested information.

Thank you.
