Make your voice heard!

We want real community safety – NO MORE SHOTSPOTTER!

Why make public comment? Elected officials need to hear from you to know how to act!

Don't wait! The ShotSpotter contract expires on June 30. City Council will vote on the technology's renewal soon – now is the time to share your voice!

We have the chance to get rid of this wasteful and invasive surveillance technology and to instead, reinvest in methods that will actually make Detroit safer!

Tell your elected officials how you feel about money being used for ShotSpotter, and encourage others to do the same!
